

EuroShop 2023 Düsseldorf 26.02 – 02.03.2023

April 2022

Dear Shop!/POPAI Members,
dear Madams, dear Sirs!

We are aware that a binding booking is not possible now, because the Corona situation is still tense. You can use the enclosed form to send us a preliminary booking request, from which you can of course withdraw free of charge. This advance booking request is important so that we can start the planning process early and offer our co-exhibitors the best places and the best possible service.

As soon as the situation becomes more foreseeable, we will get in touch directly with the contact person for the preliminary booking inquiry to discuss the specific offer personally.

From February 26 to March 2, the retail world will meet again in the Düsseldorf exhibition halls.

EuroShop made trade fair history again in 2020. Through future-oriented themes. Through innovative, contemporary quality. 8 fascinating retail dimensions for successful business. Addressing all the trends and issues that shape retail today and will continue to do so tomorrow.

By far, EuroShop has always been the most important event worldwide for many of our companies and also employees. The event in 2023 will be decisive for the future and every participating exhibiting company contributes in solidarity with the entire industry to securing the future of this platform

EuroShop 2023 will once again be a PRIME EVENT.

Do take advantage of the opportunity to escape the conformity of row stands and become part of special stand locations with additional amenities for you and your visitors!

With our joint appearance, we aim to create and provide a highly visible, international center of competence and excellence for Marketing@retail in a prime location of the exhibition.
